

EXAMPLE COSTINGS:

CENTRE-BASED PROGRAM EXAMPLE:

EDGE Community Services participates in the TTP pricing structure as part of NDIS. This optional loading assists providers to continue transforming businesses in the move towards a more competitive marketplace.

Example:

A participant wants to attend Centre-Based Program.

The participant does not require EDGE to provide them with transportation to access Centre-Based Program.

The participant wants to attend Centre-Based Program, Monday, Wednesdays, and Fridays. Program operates for 6 hours a day (10am – 4pm).

Group activities (Standard) Weekday TTP:

$\$59.88$ (Apportioned 1:2 ratio) x 6 (hours of program) = $\$179.64$

Non-face-to-face charges:

$\$59.88$ (Apportioned 1:2 ratio) x 2 (non-face-to-face) = $\$59.88$

Capital Costs:

$\$2.17$ x 6 (hours of program) = $\$13.02$

Activity Based Transport:

$\$1.00$ x 30kms (Standard charge for excursion based days) = $\$30.00$

Daily total:

$\$179.64 + \$59.88 + \$13.02 + \30.00
= $\$282.54$

Total for attending 3 days of Program, with no transportation.

$\$282.54$ x 3 Program days
= $\$847.62$

TRANSPORTATION ONLY EXAMPLE:

This is an optional add on, if the individual opts to receive transportation from EDGE Community Services to access Centre-Based programs.

Example:

A participant that lives 12kms from the designated program site.
The participant wants to receive transportation to and from program.
The participant attends Centre-Based Program two days a week.

Transportation cost (Labour)

\$59.88 (Apportioned 1:2 ratio) x 1 hour for AM Transport and 1 hour for PM Transport
= \$59.88

Transportation cost (Non-Labour)

12kms x 2 (for transportation in AM and transportation in PM) x \$1.00 per kms = \$24.00

Daily transportation cost:

\$59.88 + \$24.00 = \$83.88

Participant attends program two days a week

Daily cost \$83.88 x 2 Program days = \$167.76

SHORT-TERM ACCOMMODATION EXAMPLE:

STA is normally funded through Core Assistance with Daily Living: NDIS 01_054_0115_1_1 STA (Short Term Accommodation) and Assistance (Inc. Respite) 1:2 Weekday

Example:

Participant wants to attend Short-Term Accommodation for the following amount of days/nights
(Weekday only)

3 day, 2 night (Weekday Stay)

\$982.45 x 2.75 (Days) = \$2701.74

4 day, 3 night (Weekday Stay)

\$982.45 x 3.75 (Days) = \$3684.19

5 day, 4 night (Weekday Stay)

\$982.45 x 4.75 (Days) = \$4666.64

Example:

Participant wants to attend Short-Term Accommodation during the weekend (Friday, Saturday & Sunday)

3 day, 2 night (Weekend Stay)

\$982.45 + \$1227.29 + \$1145.38 = \$3355.12
